

TELL ANNE OF GREEN GABLES, IN 500 WORDS OR LESS,
WHAT SHE MEANS TO YOU.

April 29, 2008

Dear Anne Shirley, (Anne with an e)

I'm Rebecca with two e's, and I'm 10 years old. A while ago I didn't like reading, but when I was half way through this book about you, I couldn't keep my nose out!

100
YEARS OF
ANNE
✿

You really mean alot to me. I really wish you ~~were~~ my friend, because, we both do daring and risky things. You walked on the peek of a roof, and I stood up in a kayak, a long way away from shore on the first time I ever rode in one!

We both ask questions, even when someone just told us the answer. Two years ago there was a boy that used to pick on me, like Gilbert did to you. But now, Me and You are friends with our enemies. And a little thing, we both got clothes for Christmas. You seem as if you're in a fantasy world where everything is fun, but... it isn't of course. (It's like that for me also sometimes.) In the book I read you taught me that, 'You should forgive people sooner, Not later.' Also I learned that you should be nice and care about everyone you know, because, some day that person you never really cared about will be gone, when you need them the most. From now on I'm going to try to fallow these steps if it's the last thing I do.

Thanks Anne with an e, you really taught me something important, that's why I salute you!

Sincerely, with lots of love to my new soul mate,
from Rebecca, with two e's.
